Name and address of employer	https://www.smile-it.at/home
Main activities, responsibilities and achievements	I developed the IoT-Strategy of the City of Vienna including platform recommendations, IoT protocol recommendations, public feedback incorporation, use case development and recommendations <i>Download (German only):</i> https://www.wien.gv.at/digitaleagenda/internet-of-things.html Customer: MD PICT, Magistratsdirektion, CIO of the City of Vienna
Dates	June 2017 → August 2018
Occupation or position held	Architect, Engineer // Microsoft 365 Migration
Name and address of employer	https://www.smile-it.at/home
Main activities, responsibilities and achievements	Migration of all mail user and contact accounts and distribution lists from Linux-based Qmail to Microsoft Exchange Online. Office 365 Tenant Setup and organizational introduction (user and admin onboarding). Active Directory population. SharePoint On-premises-to-cloud migration (several sites). Customer: Global NGO https://civ.org
Dates	March 2016 → March 2019
Occupation or position held	Architect, Project Manager // Infrastructure Project Management
Name and address of employer	https://www.smile-it.at/home
Main activities, responsibilities and achievements	Management and execution of several large, globally distributed, projects for Mobile Device Management, Cloud Deployment and Network Infrastructure Enhancement (software-defined, hardware-based) Customer: IT department of a large globally distributed non-IT company
Dates	September 2015 → March 2016
Occupation or position held	Architect, Consultant // IoT & Cyber-physical Systems of Systems Architecture
Name and address of employer	https://www.smile-it.at/home
Main activities, responsibilities and achievements	Creation of a blueprint for the Internet-of-Things (IoT) and large scale cyber-physical systems-of-systems architectures. Main purpose was to achieve clarity for customers to further discuss advancement into IoT and Digitalization services. Customer: Technology & Research department of a global engineering company in the fields of energy creation/consumption, industry automation and smart city.
Dates	November 2015 → January 2016
Occupation or position held	Architect // Infrastructure-as-Code
Name and address of employer	https://www.smile-it.at/home
Main activities, responsibilities and achievements	I developed a concept for changing IT services delivery from “rack&stack” deployment to continuous delivery of services based on Infrastructure-as-Code patterns. Technology stack of choice was Amazon AWS and CloudFormation. Project scope and architecture blueprint have been developed. Customer: IT department of a large globally distributed non-IT company

Dates	April 2015 → December 2015
Occupation or position held	Architect // Hybrid Cloud Framework Patterns (Consulting)
Name and address of employer	https://www.smile-it.at/home
Main activities, responsibilities and achievements	<p>For the HQ IT of a medium size customer (~13.000 employees, globally distribution, 3 main DC hubs) I created a framework architecture to provide IT services in a hybrid manner with on-prem and Amazon AWS datacenters. The paper is a basis for moving IT services from on-premise into the Cloud in an ongoing process.</p> <p>Customer: IT department of a large globally distributed non-IT company</p>
Dates	September 2013 → November 2014
Occupation or position held	AcT – Automic Corporate Technology The Office of the CTO @ Automic Software Sr. Technologist responsible for Automation, Orchestration, SaaS
Name and address of employer	Automic Software – http://www.automic.com
Main activities, responsibilities and achievements	<ul style="list-style-type: none"> • Top level technology conversations addressing innovation topics and important Automation-related aspects with sales and customers • Establishing the technical vision and leading all aspects of technology and innovation development • Defining and developing Automic's Cloud Computing strategy • Aligning product architecture with customer feedback and product management's product strategy • Automation Evangelist with active participation in "call for paper", whitepaper creation, blogs • Establishing Automic thought-leadership in the Automation Space • Temporary member of Automic's Executive Team
Dates	May 2014 → August 2014
Occupation or position held	Project Management Office Head of the Post-Merger-Integration project for ORSY
Name and address of employer	Automic Software – http://www.automic.com
Main activities, responsibilities and achievements	<ul style="list-style-type: none"> • Created and defined the project management office (PMO) of the project (together with McKinsey) after Automic had acquired ORSY • Co-ordinated all integration streams along company functions and (future) org units • Cross-aligned all integration streams • Co-defined functional and cross-organizational processes • Established and co-executed change management (together with the ORSY change champion) • Co-prepared economic note for French social plan based on strategic product decisions
Dates	January 2013 → June 2013
Occupation or position held	Office of the CTO @ Canopy – The Open Cloud Company
Name and address of employer	Canopy – http://www.canopy-cloud.com
Main activities, responsibilities and achievements	<ul style="list-style-type: none"> • Established Canopy's technology position in Cloud Automation, Orchestration, Brokerage • Architecture alignment for Canopy's SaaS and PaaS solutions with the Framework • Co-developed C³RA – the "Canopy Cloud Computing Reference Architecture" • PreSales support for Sales and bid teams • Technology evaluation, market analysis • Canopy Evangelism through blog, speaker appearances and whitepaper contribution
Dates	January 2012 → February 2013
Occupation or position held	Program Management Software Development for Canopy – The Open Cloud Company
Name and address of employer	Canopy – http://www.canopy-cloud.com
Main activities, responsibilities and achievements	<ul style="list-style-type: none"> • Started "Canopy Cloud" technically by designing and implementing the first Delivery Framework for Cloud Provisioning and Orchestration (together with a team of 10-12 software developers, SW analysts, SW architects, ...) • Established Canopy's technical Cloud Service delivery strategy • Introduced the first Canopy Cloud Services and integrated them with the provisioning framework • Co-established the Canopy Cloud Services product portfolio
Dates	October 2007 → June 2013

Occupation or position held	Facilitator
Name and address of employer	Siemens AG Austria, SIS PSE / Siemens IT Solutions and Services / AtoS – http://at.atos.net
Main activities, responsibilities and achievements	Facilitator, Moderator and Trainer for strategy workshops, project retrospectives, team building workshops, process definition workshops, etc.
Dates	October 2008 → June 2013
Occupation or position held	Head of Innovation and Technology Support for projects + Head of Technical Pre-Sales
Name and address of employer	Siemens AG Austria, SIS PSE / Siemens IT Solutions and Services / AtoS – http://at.atos.net
Main activities, responsibilities and achievements	<p>Managed and drove innovation, ideation and dissemination of future technologies within Siemens PSE and subsequent organizations. Consulting for sales and bid teams with technology expertise and Innovation conversations and solutions to support proposal development. Led the Innovation Centers of Siemens PSE and subsequent units functionally as well as technically</p> <ol style="list-style-type: none"> (1) 07/2011 – 06/2013: Head of the “Cloud technologies and platforms” practice: Technical and functional head of 20 top-experts spanning Microsoft, Open Source, Virtualization, Architecture and certain public cloud technologies for platforms and services. Technical skills and competences

Platforms & Technologies:

- IoT
- SaaS, PaaS, IaaS (Amazon Web Services, Azure, Office 365, SaaS solutions in various fields)
- VMware vCloud / vFabric / vCAC Product Stack
- Business Process and Workload Automation & Management:
 - Automic (UC4) ONE Automation and Automation Offerings
 - Cordys BOP, Cordys CCP
 - TIBCO/ActiveEnterprise, TIBCO/BusinessConnect & EDI/EDIFACT
 - IDS-Scheer ARIS (Toolset, Business Designer, Processworld)
 - HP PPM (formerly Mercury IT Governance Suite)
- DevOps and Deployment Automation: Puppet, Chef, Automic ARA, Docker
- MS Project & MS Project Server, Sharepoint, Visio, Office
- Enterprise Architect, Archimate
- Database Management Systems (DBMS): MySQL, MS SQL, ORACLE
- Operating Systems: DOS, Windows 3.11, 95, NT, 2000, XP, 7, 8, 8.1, Server 2003, 2008R2, - UNIX/SINIX (basic), Solaris 2.8 (basic), Linux (multiple distributions - intermediate)

Programming Languages & Technical Knowledge:

- C, C++ (MS Visual C++, MFC / Win32)
- MS Visual Basic (3.0 – 6.0; .NET), VBA
- Visual Basic for ARIS-Scripting, ARIS object model
- HTML, XML, XSL/XSLT, XPath, (basics in G-XML)
- JavaScript, JScript, VBScript (Active Server Pages, ASP)
- T-SQL (MS SQL-Server) and PL-SQL (ORACLE)
- PowerShell, Linux bash
- .NET (basics)
- Java (basics)
- COM/DCOM, MTS (MS Transaction Server)
- Kernel mode driver development kit (DDK) for MS Windows NT 4.0

Additional information Publications

- Participation in panel discussion on Cloud Computing in March 2009
- Several appearances in Cloud conferences as speaker, presenter or in panel discussions
- Publication on "Cloud and IAM" in the EuroCloud Austria Book "Cloud Migration"
- Definition and initial ramp-up of Cloud Strategy at Automic Software
- Ramp-up and dissemination of Cloud Computing in AtoS and Canopy (an AtoS joint venture)
- Whitepaper "The Next Big Thing" on the evolution from Cloud to Digital Business:
<http://smileit.at/blog/tag/the-next-big-thing/>
- Whitepaper "Technology USPs - 10 Capability-Musts of an Enterprise Automation Platform"

Artistic skills and competences

Singing, playing guitar and piano, acting

Driving licence(s)

EU driving license: A, B
